			RELEVANCE									USABILITY										QUALITY					
PID	Task	Task Category	context	coverage	required attributes	original purpose	documented use	community adoption	granularity	preview	time frame	labeling	documentation	license	cost	access	tool compatibility	format	schema	ability to share	provider contactability	collection methods	provenance	validation evidence	completeness	what has been excluded	comparability
P27	Give interesting and novel insights and compelling story about how limited access to child care prevents working parents, especially women, from achieving their full economic potential.	Communicative			T		T	T					T	T	T	T						T	T	T			T
P32	Create visualizations to serve as supporting evidence to a video installation on waste management in Romania	Communicative	T	T							T											T	T	T			
P7	Visualize how plastic waste was handled in our state and the United State	Communicative								T			T		T								T		T		
P24	Create maps to show spring arrival related questions in local area	Communicative								T						T											T
P24	Create visualizations to show traffic patterns on a busy day	Communicative			T					T											T		T			T	
P33	Show disparities in polling places accessibility in terms of the number of voters each age group	Communicative	T		T								T														
P33	Show disparities in polling places accessibility in terms of the number of voters each polling location, or aggregation of polling locations served	Communicative	T		T		T	T		T		T	T			T			T						T		
P28	Visualize, explan and report on how many rape kits were left untested in crime labs and law enforcement agencies across the country	Communicative	T	T					T				T	T								T				T	
P5	Build visualizations for storytelling about elections	Communicative	T						T					T	T	T				T				T			T
P28	Portray how pharmacies are changing in the state of Ohio	Communicative	T							T											T						
P1	Learn about the Chinese stock markets	Analytical	T							T			T										T	T			
P40	Analyze primary election result throughout recent decades	Analytical	T	T	T											T	T	T						T	T		
P41	Study how data visualizations were used to convey information about COVID-19s	Analytical			T																				T		
P37	Study the socioeconomic impact of fare-free public transit program in Kansas	Analytical			T					T			T		T	T							T		T		
P37	Study impact of work-from-home on individual happiness	Analytical			T					T			T		T	T							T		T		
P34	Get ideas for feature engineering and selection while modeling	Analytical					T									T	T										
P1	Troubleshoot and resolve a system availability issue	Process	T				T	T		T	T		T									T					
P35	Evaluate the quality of some datasets X commonly used for the investigation and detection of security attacks	Analytical		T			T	T		T	T		T	T	T	T	T		T		T		T		T		
P12	Create scalable data visualizations	Communicative		T						T														T			
P30	Explore techniques for visualizing datasets with missing values	Analytical	T										T											T	T		
P14	Design new features for data analysis tool	Analytical			T		T		T	T												T					
P14	Design new features for data analysis tool	Analytical		T				T								T											
P21	Develop predictive model for potential growth opportunities for startups	Process	T		T					T			T			T			T			T	T	T	T		
P36	Develop algorithm that correlates distance with sales forecast coefficients	Process																				T		T	T		
P9	Develop a mammography-related model with better robustness and generalizability	Process		T									T	T		T			T							T	
P22	Analyze user behavior patterns, preferences, and interactions to enhance the gaming experience as well as user satisfaction and loyalty	Analytical	T		T					T			T	T		T						T	T		T		
P22	Analyze user behavior patterns to optimzie user experience and engagement strategies	Analytical	T	T	T		T		T	T							T	T				T		T			
P19	Enhance user experience on an online learning platform	Analytical	T		T						T		T									T		T	T		
P8	Improve demand forecast model accuracy	Process	T	T						T			T		T		T					T	T	T	T		
P3	Enhance the accuracy of a machine learning model designed to predict consumer behavior in emerging markets, specifically focusing on online shopping patterns	Process	T		T					T	T		T	T									T	T			
P36	Enhance risk management model by integrating more data	Process	T		T																			T	T		
P20	Improve an AI platform's capability to match tenants with homes	Process		T						T	T		T	T	T	T			T			T	T	T	T		
P20	Improve an AI platform's efficiency in matching tenants with homes	Process		T							T			T								T		T			
P25	Improve routing algorithm to make better recommendation for walk paths	Process		T			T			T		T	T				T		T				T				
P3	Conduct supervised training and evaluation of language models	Process			T		T	T		T					T	T							T				T
P31	Model election forecasts	Process	T	T	T			T		T			T		T	T	T						T		T		
P13	Get more data to complement a survey focusing on life and work values	Analytical		T	T			T					T										T	T			
P11	Identify the effect of a policy	Analytical			T					T			T									T		T	T		
P29	Perform a PCA analysis to examine the impact of fields of study on the immigration tendencies of foreign-born students	Analytical		T	T																		T				
P7	Understand some social behaviors and environmental impacts	Analytical								T			T		T							T	T				
P35	Measure reliability of the internet at various geolocation at different granularities	Analytical						T			T		T	T		T	T	T	T			T	T	T	T		
P39	Model methamphetamine use behavior in the US	Process		T			T	T		T		T	T				T					T			T		
P38	Predict subway passenger flow, traffic congestion, and population activity in the city center	Process	T					T		T			T			T	T					T					
P38	Analyze the distribution of natural gas prices across Europe and the volume of gas transferred from Russia to Europe through pipelines	Analytical					T	T		T			T	T	T	T	T						T				
P29	Perform a PCA analysis to assess the influence of race on job positions	Analytical			T					T																	T
P21	Analyze customers sentiment and preferences for a startup growth platform to optimize marketing strategies	Analytical	T	T	T				T		T		T										T	T			
P15	Analyzing the environmental impact of current waste-to-energy operations	Analytical	T	T	T								T		T	T						T	T	T	T		
P15	Analyzing the usage patterns of electric vehicle charging stations in urban areas	Analytical	T		T				T				T			T						T	T	T	T		
P17	Identify the most popular foods, analyze purchasing patterns, and examine factors influencing food choices	Analytical	T										T			T						T	T		T		
P8	Understand emerging food trends and shifting consumer preferences to inform the development of new products in the food processing industry	Analytical	T	T	T				T	T	T		T				T	T				T		T	T		
P23	Evaluate the performance of a new line of eco-friendly paints and enhance marketing strategies	Analytical	T		T					T			T	T		T			T			T	T	T	T		
P18	Analyzing plastic waste composition and recycling rates in specific regions of Nigeria	Analytical	T						T				T									T	T	T			
P17	Analyze customer preferences for street food in specific areas to understand regional variations in food choices and preferences	Analytical	T		T				T				T		T	T						T	T		T		
P18	Analyze the environmental impact of recycled materials: quantify carbon footprint reduction, energy savings, and waste reduction benefits of using our products	Analytical	T	T	T				T				T			T						T		T	T		T
P19	Conduct customer sentiment analysis for a new product launch to optimize marketing strategies and product features	Analytical	T	T	T				T		T	T										T		T	T		
P16	Assess existing client base and identify new clinets	Analytical			T							T	T									T	T				
P34	Track the changes in headcount and compensation of regional athletic department employees	Analytical			T						T												T	T			
P23	Analyze customer preferences for new product features	Analytical	T		T								T									T					
P13	Teach students to conduct reliability, validity, and adverse impact analyses	Communicative	T																								
P30	Use a visualization tool to demonstrate the results of a multiverse analysis	Communicative																				T					
P6	Create tree visualization demos	Communicative								T						T							T				
P5	Demonstration of explainable models	Communicative										T	T	T						T							
P39	Demonstrate the application of experiment design methodologies in healthcare	Communicative		T			T	T		T		T	T		T		T		T			T	T		T		
P6	Develop a visualization library featuring a wide range of visualization demos	Communicative			T					T						T	T						T				
P26	Evaluate the performance of a model designed to analyze potential conspiracy theories	Process	T							T			T									T				T	
P26	Evaluate the performance of a model designed to analyze potential conspiracy theories	Process								T			T						T			T					
P4	Benchmark and test ML system	Process					T	T		T				T		T		T	T				T				
P4	Evaluate a ML model to catch bias and regions where the model underperforms	Process	T	T		T				T			T	T		T	T	T				T		T	T	T	
P31	Get to know cost of living in certain city to make personal decisions	Analytical		T	T				T				T										T	T	T		
P27	Check if college received massive underreporting grants from isreal	Analytical											T			T								T	T		
P25	Get station information of many stations in Sydney (transfer times between platforms, exit locations, ...)	Analytical		T	T				T									T									
P12	Check the air quality in Pittsburgh	Analytical														T	T	T					T
